Senate Application Form

Name: Mitzi Butcher House: Sariah
Classification: Junior

I would like to be the senator from our house because I am very optimistic about next year. With our new H.P., I am hopeful that we will be unified and active. Following this, I would like to be a part of our house council by acting as senator. I believe the most important thing a senator must remember is that it is <u>not</u> his or her opinions which must be voiced in the senate, but rather the opinions of the house as a whole. I trust that even though I might disagree with the majority vote of our house, I could still accurately and fairly report their sentiments, rather than those of my own. I feel that I am responsible enough to attend all necessary senate, committee and house meetings. Also, I would like to let the girls in my house know they could come to me as individuals and voice their ideas, opinions and concerns. I think I can be receptive to various and contrasting views. Since I have been involved in house council this year, I have had a better chance to see what the different leadership roles entail. Also being secretary-treasurer I had the opportunity to meet many of the girls in the house whom I might not have gotten to know otherwise. Now that I
